THE BEAUTY of YOUR YARD
CUSTOM BUILT SHEDS, GARAGES, & BARNES

*Offering Storage
Solutions for You!*

We Have What You Need!

Garden Equipment

If you are a property owner, you know first-hand how much lawn and garden equipment you need. Riding mowers, push mowers, potting soil, rakes, shovels, and all that equipment takes up space. Rather than trying to squeeze them into your garage, or in a difficult-to-access cellar, position a storage shed just where you want it. Transform your landscaping headache into a joy.

Lacking a Hobby Room or Workshop?

Every crafter, gardener, carpenter or seamstress who truly enjoys his or her hobby, longs for a space designed for their activities. Instead of having to keep your tools and supplies packed up, drag them out for each project, and pack them up again, stop and start a project any time in your workshop. Clean up after a project is completed, not every time you get interrupted. Hobbies are supposed to be fun. Having a separate, designated space for your workshop or hobby room will keep you motivated to actually finish those projects.

Renting a Storage Locker?

You can eliminate those monthly storage fees and stop worrying about the security at the local self-storage facility. A shed on your property will be as secure as your home and will pay for those storage fees in a few months.

Whether it's to clean out the garage or basement,
**getting your own storage shed is like getting
a brand new 200 square foot room overnight!**

Get Started Here!

- 
- STEP 1** Decide on the size. What will you use your new shed for?
 - STEP 2** Decide on the space. How much will you be storing?
 - STEP 3** Match it to your home. What style do you like?
 - STEP 4** Match it to your home. Select your color combinations.
 - STEP 5** Make it work for your needs. What options do you want?
 - STEP 6** Place your order!
 - STEP 7** Select a site and prepare it for your new shed.
 - STEP 8** Your shed arrives! Start storing!
